MA Applied Linguistics Specialisation Final Exam Questions

1. Sociolinguistics: Analyze the contact of English and Hungarian in the US in the 20th century, and in Hungary today.
2. Bilingualism: Discuss some cognitive (psycholinguistic) and sociolinguistic aspects of bilingualism in children.
3. Global English: Discuss the different varieties of world Englishes and elaborate on one variety of your own choice from the perspective of intercultural business communication.
4. Lexicography: Trace the historical development of lexicography, highlighting key milestones and shifts in lexicographical approaches and elaborate on the learner's dictionary as a dynamically evolving new type.
5. Contrastive Linguistics: Explain the main English-Hungarian syntactic contrasts with examples
6. Corpus Linguistics: Applying corpus linguistic tools in studying language variation across different genres and registers

Valid as of March 2024
